good design...*

Colorado Health Foundation Headquarters - WSP

Health Responses to Nature

A photograph of a modern urban park area. In the foreground, a paved walkway made of light-colored rectangular stones runs along a raised garden bed. The garden bed is filled with various plants, including tall grasses, purple flowers, and green foliage. In the background, a modern building with a glass facade and a red brick building are visible. A white van is parked on a street near the brick building. The sky is overcast.

Connection to Natural Systems

Seasonality

Weathering

Complexity

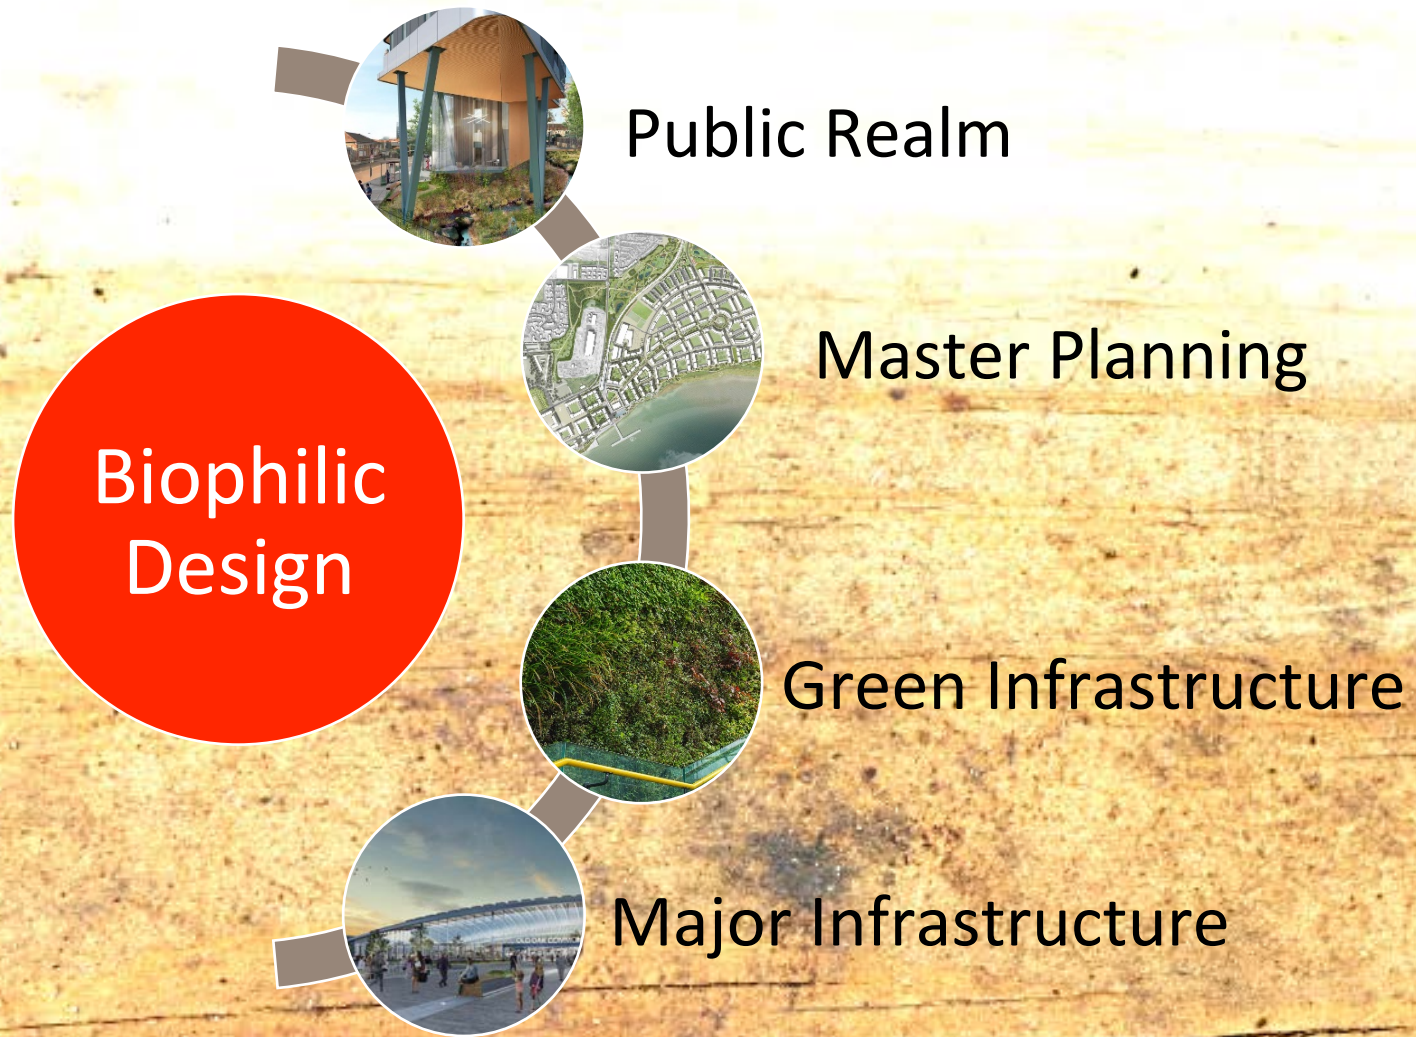

Micro-restorative networks

A photograph of a modern staircase with a glass railing and a yellow handrail, set against a background of a dense, multi-colored green wall (living wall) with various plants and foliage.

WHAT IF WE COULD DESIGN OUT STRESS FROM THE CITY

We are heading towards an urban future which the human brain is not wired for. Most of us will live in cities and urban environments which, without a...

Biodiversity in the City

Practical actions to make our UK cities Global Leaders

A modern office interior with a wooden slat wall on the right side. The wall features a large, stylized red 'WSP' logo. The floor is made of light-colored wood planks. In the background, there are several potted plants, a white sofa, and a black armchair. The ceiling has exposed ductwork and lights.
